

This exploded view diagram illustrates the assembly of a Trakka 1800 vacuum cleaner. The components are numbered 1 through 20. The main body (1) is shown at the top right, with a dust bag (2) attached. The motor (11) is connected to the main body via a coupling (10). The motor is powered by a power cord (3) and a power switch (4). The main body is connected to the motor via a coupling (12). The main body is also connected to the motor via a coupling (13). The main body is connected to the motor via a coupling (14). The main body is connected to the motor via a coupling (15). The main body is connected to the motor via a coupling (16). The main body is connected to the motor via a coupling (17). The main body is connected to the motor via a coupling (18). The main body is connected to the motor via a coupling (19). The main body is connected to the motor via a coupling (20).
